Introduction

? Introduction to Cambridge ESOL

The Teaching Knowledge Test (TKT) is designed and produced by University of Cambridge ESOL Examinations (Cambridge ESOL), a department of the University of Cambridge and part of the University of Cambridge Local Examinations Syndicate, which has provided examinations in English for speakers of other languages since 1913. Cambridge ESOL offers an extensive range of examinations, certificates and diplomas for learners and teachers of English, taken by over 2 million people a year, in more than 130 countries.

? Introduction to TKT – a test of professional knowledge for English language teachers

TKT tests knowledge about the teaching of English to speakers of other languages. This knowledge includes concepts related to language, language use and the background to and practice of language teaching and learning and is assessed by means of objective format tests, which are simple to administer and to take.

TKT is designed to offer maximum flexibility and accessibility for candidates and therefore does not include a compulsory course component or compulsory teaching practice. However, it is likely that centres and other institutions will wish to offer courses for TKT preparation and these may also include some teaching practice, if desired. It should be noted that TKT tests teaching knowledge rather than teaching ability.

TKT offers candidates a step in their professional development as teachers and enables them to move onto higher-level teaching qualifications and access professional support materials, such as resource books for English language teaching (ELT) and journals about ELT.

TKT candidates are encouraged to keep a portfolio, a record of their professional development and reflections on their teaching. Through their portfolio candidates can become reflective practitioners, analysing their teaching and how this impacts on their students' learning. However, the portfolio does not form part of the assessment for TKT. The Teacher Portfolio is Cambridge ESOL's free online system that any teacher can use to record and document their career progress. Teachers can visit www.teacherportfolio.cambridgeesol.org for more information.

TKT can be taken at any stage in a teacher's career. It is suitable for pre-service or practising teachers and forms part of a framework of teaching awards and tests for teachers offered by Cambridge ESOL.

Cambridge ESOL's tests for teachers include:

- The Teaching Knowledge Test (TKT)
- TKT: Knowledge about Language (KAL)
- TKT: Content and Language Integrated Learning (CLIL)

Cambridge ESOL's practical, course-based qualifications for teachers include:

- CELTA (Certificate in English Language Teaching to Adults)
- CELTYL (Certificate in English Language Teaching to Young Learners)
- ICELT (In-service Certificate in English Language Teaching)

Cambridge ESOL also offers the Delta Modules, which cover all areas of knowledge at an advanced level and include teaching practice. The Delta Modules are:

- Delta Module One: a written examination
- Delta Module Two: a course-based qualification
- Delta Module Three: an extended assignment

Other teaching qualifications offered by Cambridge ESOL include two specifically designed for the further education and skills sector within the UK.

A summary of the entry requirements and content of Cambridge ESOL's teaching awards and tests for teachers can be found on the following page.

An overview of TKT

? The aims of TKT

- to test candidates' knowledge of concepts related to language, language use and the background to and practice of language teaching and learning
- to provide an easily accessible test about teaching English to speakers of other languages, which is prepared and delivered to international standards, and could be used by candidates to access further training, and enhance career opportunities
- to encourage teachers in their professional development by providing a step in a developmental framework of awards for teachers of English

? TKT candidature

TKT is suitable for teachers of English in primary, secondary or adult teaching contexts and is intended for an international audience of non-first language or first language teachers of English.

Candidates taking TKT will normally have some experience of teaching English to speakers of other languages. TKT may also be taken by:

- pre-service teachers
- teachers who wish to refresh their teaching knowledge
- teachers who are moving to teaching English after teaching another subject.

To access TKT, teachers need a level of English of at least Level B1 of the Council of Europe's Common European Framework of Reference for Languages. This level is specified in the Council of Europe's *Threshold* document (Van Ek, J.A. & Trim, J.L.M. (1998) *Threshold*, Cambridge: CUP). However, candidates are not required to have taken any English language examinations.

TKT candidates are expected to be familiar with language relating to the practice of ELT. A non-exhaustive list of teaching terminology is provided in the TKT Glossary, which can be found on our website: www.CambridgeESOL.org/TKT

Candidates are not required to fulfil any specific entry requirements for TKT.

Content of TKT

? TKT content outline

TKT consists of three modules. For each module, candidates are required to answer 80 questions by selecting a letter for the correct answer. As TKT tests candidates' knowledge of teaching rather than their proficiency in the English language or their performance in classroom situations, candidates are not required to listen, speak or produce extended writing when taking TKT.

? TKT overview

Module	Title	Timing	Test format
1	Language and background to language learning and teaching	1 hour 20 minutes	Three parts with 80 objective questions
2	Lesson planning and use of resources for language teaching	1 hour 20 minutes	Two parts with 80 objective questions
3	Managing the teaching and learning process	1 hour 20 minutes	Two parts with 80 objective questions

? Approaches to teaching and learning

A range of approaches to teaching and learning may be covered in the examination material.

Approaches which might bias against candidates from particular backgrounds or teaching contexts are avoided. Knowledge of communicative and other approaches to teaching is expected, as is familiarity with ELT terminology.

? Sources and text types used in TKT

Extracts, original or adapted, from the following sources may feature in TKT:

- ELT coursebooks or supplementary materials
- handbooks on English language teaching and learning
- ELT journals and magazines
- testing materials
- grammar books and dictionaries, including phonemic transcription (IPA – International Phonetic Alphabet)
- diagrams or other visuals
- transcriptions of classroom talk
- descriptions of classroom situations.

- 59 Arrange groups more carefully, and re-group students whenever necessary.
- 60 Create a purpose for doing group or pairwork in English.
- 61 Teach the language needed for frequent classroom activities.
- 62 Raise awareness of the importance of giving everyone a chance to take part.
- 63 Select topics and tasks that motivate the students.

11

For questions 64-70, match the classroom situations with the classroom management choices listed A-G.

Mark the correct letter (A-G) on your answer sheet.

Classroom situations

- 64 You notice that some of your students are unsure about how to start some pairwork.
- 65 After a reading comprehension task, you ask the class for the answer to number one. Nobody says anything.
- 66 You notice that during an activity your class of young learners is making too much noise.
- 67 During a group work activity about travel, your students talk about a different topic. However, they do this in English.
- 68 You set a task for listening comprehension. During the listening, you notice that no one is writing the answers.
- 69 You set up a speaking task in groups. You notice when you monitor closely that the groups stop speaking completely.
- 70 You are teaching a class after lunch. Everyone is sleepy.

Classroom management choices

- A Praise them for using the language but remind them about the task.
- B Do a 'warmer' activity which gets the students out of their seats.
- C Model the activity yourself with a student, so everyone understands what they have to do.
- D Use a strategy that students recognise for 'turning down the volume', e.g. a hand gesture or drawing on the board.
- E Ask the students to compare their work with their partner to give them confidence.
- F Stand back and listen from a distance.
- G Repeat the instructions and ask if they would like you to play it again.

12

For questions 71-75, look at the situations in which a teacher corrects students and at the correction strategies listed A, B or C.

Two of the correction strategies are appropriate in each situation. One of the correction strategies is **NOT** appropriate.

Mark the correction strategy (A, B or C) which is **NOT** appropriate on your answer sheet.

- 71 A student says the word 'August' with poor pronunciation, in open class. The teacher
 - A says the word correctly, and asks the student to repeat it.
 - B writes the word in phonemic script on the whiteboard.
 - C asks the student to say the word again, with no correction, and then moves on.
- 72 Students tell stories about themselves in groups of three. The teacher corrects students' language
 - A quietly, as she is monitoring their group storytelling.
 - B after the group stage, by focusing on problems she noted down during the group stage.
 - C later when she asks the weaker students to tell their stories to the whole class.
- 73 In a controlled practice exercise on the past continuous, a pre-intermediate student says 'I driving down the road when it happened.' The teacher
 - A uses hand gestures to show that there is a missing word.
 - B mimes driving to show the student that she has understood.
 - C points to the model sentence on the whiteboard to remind the student of the form.
- 74 At the start of class, when students are talking in open class, one of the learners says, 'The film was interested.' The teacher
 - A says 'Interesting or interested?'
 - B says 'There's a grammar problem there, Maria. What about your weekend, Hassan?'
 - C says 'You were interested, so the film was _____?' (with rising intonation)
- 75 In a controlled writing practice activity, a learner makes several mistakes in recently studied language. The teacher
 - A marks the writing using a correction code.
 - B gives the writing to a peer to correct.
 - C ignores the mistakes in the writing.

13

For questions 76-80, match the ways a teacher gave feedback on students' written work with the aims listed A-F.

Mark the correct letter (A-F) on your answer sheet.

There is one extra option which you do not need to use.

Feedback on written work

76 The teacher marked students' writing using a correction code. Then she gave them time in the lesson to improve their work while she monitored.

77 The teacher gave an overall grade for letters students had written for homework. He also gave them an example letter to look at.

78 The teacher used a system of smiling and sad faces to give students feedback on their written work.

79 The teacher noted mistakes from students' written work and used these to prepare a language quiz, which students did in teams.

80 The teacher only commented on the content of stories that students had written.

Aims

- A** to focus on common language mistakes that many students made in their writing
- B** to inform students of their general progress in writing at the end of term
- C** to encourage students to learn to edit their own work
- D** to encourage students' creativity and to create a positive attitude to writing
- E** to provide students with a model for similar written work in the future
- F** to inform primary age students about their progress in a fun way

TKT test administration

? Modular structure

TKT has three modules. These can be taken together in one examination session or separately, in any order, over three sessions.

? Entry procedure

Candidates must enter through an authorised Cambridge ESOL Centre. A list of Cambridge ESOL Examination Centres is available from Cambridge ESOL from the address on page 1. Institutions wishing to become Cambridge ESOL Examination Centres should contact the Centre Registration Unit at Cambridge ESOL.

TKT is available throughout the year. Candidate details must be submitted to Cambridge ESOL at least six weeks prior to running the session. Please note that more notice may be necessary if candidates have special requirements and therefore need special arrangements (see below).

Copies of the regulations and more details on entry procedure, current fees and further information about this and other Cambridge ESOL examinations can be obtained from the Cambridge ESOL Centre Exams Manager in your area, or from the address on page 1.

? Answer sheet completion

Candidates mark all their answers on OMR (Optical Mark Reader) answer sheets, which are scanned by computer in Cambridge. There is one answer sheet per module, and candidates must fill in all their answers within the time allowed for the test.

A sample OMR answer sheet can be found on page 44 of this Handbook, and it is useful for candidates to practise filling in an OMR sheet before taking the examination so that they are familiar with the procedure.

? Computer-based TKT

A computer-based version of TKT (CB TKT) is also available via the Cambridge Connect internet delivery system. Please contact your local Cambridge ESOL Centre for more information.

Grading and results

? Grading

Each module is free-standing, and there is no aggregate score. Candidates receive a certificate for each module they take.

Each question carries one mark, so the maximum mark for each module is 80. Candidate performance is reported using four bands.

Band	A candidate at this level demonstrates
1	limited knowledge of TKT content areas
2	basic, but systematic knowledge of TKT content areas
3	breadth and depth of knowledge of TKT content areas
4	extensive knowledge of TKT content areas

See page 45 for a detailed description of each band for each module.

? Notification of results

Certificates are despatched to Centres approximately two weeks after receipt of answer sheets by Cambridge ESOL. Please note that despatch of candidates' results will be delayed if they need special consideration or are suspected of malpractice (see page 35).

Enquiries on results may be made through Cambridge ESOL Centre Exams Managers within a month of the issue of certificates.

? Appeals procedure

Cambridge ESOL provides a service to enable Centres to appeal, on behalf of candidates, against assessment decisions that affect grades awarded to candidates, e.g. decisions relating to results and decisions relating to irregular conduct.

Candidates should first contact their Cambridge ESOL Centre Exams Manager for advice. Further information about the appeals procedure can be found at www.CambridgeESOL.org/exams/exams-info/results-information

Special Circumstances

Special Circumstances cover three main areas: special arrangements, special consideration and malpractice.

? Special arrangements

These are available for candidates with disabilities. They may include extra time, separate accommodation or equipment, Braille versions of question papers, etc. If you think you may need special arrangements, you must contact the Cambridge ESOL Centre Exams Manager in your area as soon as possible so that the application can be sent to Cambridge ESOL in time (usually 8 – 12 weeks before the examination, depending on what is required).

? Special consideration

Cambridge ESOL will give special consideration to candidates affected by adverse circumstances before or during an examination. Special consideration can be given where an application is sent through the Centre and is made within ten working days of the examination date. Examples of acceptable reasons for giving special consideration are cases of illness or other unexpected events.

? Malpractice

The Malpractice Committee will consider cases where candidates are suspected of copying, collusion or breaking the examination regulations in some other way. Results may be withheld because further investigation is needed or because of infringement of regulations. Centres are notified if a candidate's results are being investigated.

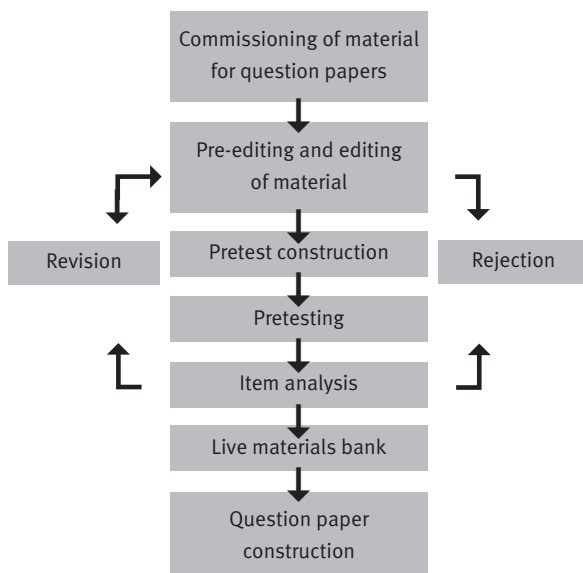

The production of TKT

Cambridge ESOL is committed to providing examinations of the highest possible quality. This commitment is underpinned by an extensive programme of research and evaluation, and by continuous monitoring of the marking and grading of all Cambridge ESOL examinations. Of particular importance is the rigorous set of procedures which are used in the production and pretesting of question papers.

The production process for TKT is the same as that for the Cambridge ESOL language examinations. It begins with the commissioning of materials and ends with the printing of question papers.

There are five main stages in the production process:

- commissioning
- pre-editing and editing
- pretesting
- analysis and banking of materials
- question paper construction

? Question paper production cycle

Pretesting of TKT test material provides Cambridge ESOL with valuable information about candidates' performance on particular tasks. Pretesting is also useful for Centres or institutions as it gives candidates the opportunity to familiarise themselves with TKT task-types under test conditions and to receive feedback on areas of strength and weakness. If your Centre or institution would like to be involved in TKT pretesting, please contact the Pretesting Unit TKT Administrator on + 44 1223 552998 or TKTpretesting@CambridgeESOL.org

Support for TKT candidates and course providers

General information on TKT, including administration details and downloadable versions of this Handbook and sample materials, can be found by visiting www.CambridgeESOL.org/TKT

Course providers and individual candidates can also access the TKT Glossary on this website.

Support material for teacher trainers is available on the Teaching Resources website www.CambridgeESOL.org/teach/TKT

The TKT Course is published by Cambridge University Press in collaboration with Cambridge ESOL. This coursebook provides approximately 60–90 hours of classroom-based or self-access study, and includes practice tasks and tests.

Further support is also available in the form of seminar programmes in different countries. Contact Cambridge ESOL Information for further details by emailing: ESOLhelpdesk@CambridgeESOL.org

Common questions and answers

Can candidates make notes on the question paper?

Candidates may write on the question paper during the examination, but their notes will not be marked. Candidates must complete an answer sheet, which is then scanned.

Does it matter if candidates write in pen or pencil?

Candidates must use a pencil to mark their answers on the answer sheet. Answer sheets marked in pen cannot be read by computer.

Is the use of dictionaries allowed?

No.

What is the mark allocation?

One mark is given for each correct answer.

Do candidates have to take all three modules?

No. The modules are free-standing. Candidates may enter for any number of modules in any order.

What is the pass mark?

Results are reported in four bands. There is no pass or fail. Candidates receive a certificate for each module taken.

What is the date of the TKT examination?

Dates are set by Centres in consultation with Cambridge ESOL, taking into account local needs and conditions.

Where can candidates enrol?

Your Cambridge ESOL Centre Exams Manager can give you information about Centres where the examination is taken. Candidates enrol through local Centres, and not through the Cambridge ESOL office in Cambridge. Fees are payable to the local Centre.

How do candidates get their results?

TKT certificates are issued to Centres approximately two weeks after receipt of answer sheets by Cambridge ESOL.

Do candidates need to have taken a particular English language examination before taking TKT?

No. However, it is advisable for candidates to have a minimum language level of Council of Europe Framework level B1.

What kind of teaching terminology will be tested in TKT?

Opposite is the TKT wordlist which contains terms which may be used in TKT.

A non-exhaustive list of the teaching terms and their definitions which could be tested in TKT can be found in the TKT Glossary at www.CambridgeESOL.org/TKT

TKT wordlist

This list is indicative only. Other terms may also be used in TKT.

The words are entered into categories so as to help the reader. Some words could fall into more than one category. However, to economise on space each word has been entered only once. Candidates who are preparing for only one module should ensure they have an understanding of **all** the TKT terminology. The TKT Glossary contains definitions of the words in this list and can be downloaded from www.CambridgeESOL.org/TKT
